Introduction

Batty Hamood Group established in 1985 with Transport Company, today, it is a well-recognized and trusted company in Oman Oil & Gas Industry. Since then, the company was registered with PDO as a Local Community Company, owned and managed by Mr. Batty Hamood Khanfoor Aldarai.

In 2009, added general fabrication services, and in 2010 introduced heavy steel fabrication for oilfields sector. Well Drilling and Maintenance Services added as a new services line in 2012. The group continued to grow, and in 2018 acquired a Gyro Survey Company to support the drilling contractors in local market. In line with Energy and Minerals Ministry's directions to localize oilfield specialized services, the management decided to enter this high technical market and 2019 successfully opened specialized Oilfield Machine Shop in Nizwa - Oilfield hub in Sultanate of Oman. We have been certified with four international certificates from American Petroleum Institute (API) in 2020.

Our Vision

To become a top provider of high-quality products and services, and competent manufacturer to serve international and Regional Companies operation in Oil and Gas Field.

Our Mission

To Continuously develop comprehensive oilfield services and solutions Creating sustainable value by delivering outstanding services that help our customers to succeed.

Values

Customer's focus, Commitment to developing local talents, People engagement & Teamwork.
